

MISSION AFRICA REPORT

Mission to Lwanika - many saved including criminal gang and leading witchdoctor!

We are delighted to report, that thanks to all your much appreciated prayers, the mission to the Muslim village of **Lwanika** led by **Pastor Richard Ssendi** was a great success.

Apart from a two hour deluge on the first day (which the local people saw as God's blessing as it had not rained for some time!) the weather was dry throughout. The Muslim local government chairman even stood on the platform to encourage his fellow Muslims to hear the Gospel. Amazing!

God's transforming power!

Both the police and the local people were overjoyed to see an entire gang of young men saved. These had been causing great trouble and distress in the area as a result of stealing, taking drugs and raping young girls. To God be the glory!

Overall, the team saw a total of **three hundred and sixty eight people saved in this largely Muslim village. That's so amazing, let's say it again: 368 new souls in the Kingdom!**

Leading witchdoctor both saved and healed

This number also included a prominent lady witchdoctor named **Apoye Emerina** who smoked pipes as part of her worship in the shrines that she controlled. Promptly every evening at 6 pm her stomach would swell and she would look like a seven - month pregnant woman.

When she got saved this swelling process of the stomach stopped immediately. As an additional blessing, both her mother and brother also came to faith!

We praise God for all that He did through the team and for the huge encouragement the mission was to the local pastors, who found a new sense of unity as a result of working together.

In addition, a large number of them were convicted both by the Holy Spirit and the team's teachings of the need to sanctify their marriages. This itself will be a great witness in days to come.

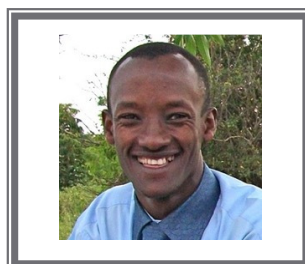

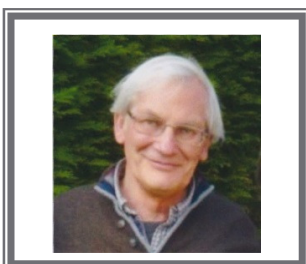

Please pray for . . .

- **The pastors** as they follow up and disciple these many new converts.
- **The follow up mission that we will be carrying out between 20th- 24th November.** We will be both baptizing the new converts and distributing Bibles to them.

**Thank you so very, very much indeed for your most valued prayers, encouragement and support.
Without that none of this would be possible!**

With our love, Terry Charlton, Steve Trint and Daniel Kato on behalf of the Mission Team
